By submitting this form you are requesting that an Additional Insured be added to your policy on a primary and noncontributory basis. We want to make sure you are fully aware of how adding this language can change your coverage.

The word "primary" in "primary and noncontributory" means that the insurance policy to which this applies will be the primary or first policy to pay out in the event of a claim if there were to be more than one insurer for the same incident or claim. The word "noncontributory" means the insurance policy to which this applies will be the only policy available to pay the claim. This policy will not require any other policy available, to contribute to payment of the claim.

We want you to fully understand that when you add an additional insured on a primary and noncontributory basis, this could reduce policy limits available to your organization (under your policy) and limit your ability to collect for damages from the Additional Insured. This could include damages involving negligence on the part of the Additional Insured.

Your signature below confirms you acknowledge and understand how adding this language could affect coverage under your policy.

Acknowledgements:

Please note, adding an Additional Insured means you agree to share the total limits of the policy.
